🐾 GiggleCash Wildlife Fund Impact

Meme With a Mission. Powered by You. Built for the Planet.

GiggleCash is more than a meme coin — it's a real-world force for good.
1% of our total supply is secured for the environment — and holders vote on where it goes.

Memes move markets.
Now, they move mountains.

🌎 What Is the Wildlife Fund?

From the original **1 billion $GIGLCASH** supply:

- 🔥 650M burned forever

- 🔒 120M burned into LP (for permanent liquidity)

- 🟩 230M held in DAO-governed and utility wallets

10 million $GIGLCASH (1%) is locked in a public, DAO-controlled wallet
Used exclusively for **verified, on-chain environmental donations**.

This isn't charity.
t's decentralized conservation.

🔍 Why It's Different

Traditional Donation	Wildlife Fund via GiggleCash
❌ No proof	✅ Screenshots + Solscan receipts

❌ No control   ✅ DAO votes decide everything

❌ Middlemen fees   ✅ 100% direct to verified orgs

❌ One-time PR move   ✅ Ongoing, transparent, public

This is meme-powered, proof-driven Web3 conservation.
